Chair Approval Form

To the Department Chair:

_____ is in the process of applying for the EPIC Course Design Seminar in Teaching Excellence (STE). If chosen to participate, the candidate may opt to receive a course release as an additional benefit contingent upon department chair approval.

The terms of the course release are as follows:

- Department Chair approval is not required for participation in any of the Course Design STEs. Without course release approval from the Chair, faculty members participating in the STE are eligible to receive the research grant only.
- Course releases must be used by March 30, 2023, the end of the 2023 Winter quarter. If left unused, EPIC reserves the right to recall this benefit.

By signing this document, you give approval for the candidate to avail of one course release if chosen to participate in a Course Design STE.
